ST Marys's Junior College
*01/2021 - 05/2022*

## PERSONAL PROJECTS

### DineSPace (12/2024 - 02/2025)
- A **large, scalable application** for managing café and restaurant seat reservations.
- Built from scratch using reusable UI components and a well-structured, maintainable codebase!
- **Implemented role-based authentication**, securing data access for 1,000+ users and standardizing reporting workflows, increasing efficiency by 30%!
- Implemented **JWT authentication,** preventing unauthorized access and achieving nearly 100% secure authentication success!
- **Optimized app performance** using Expo's Metro bundler with fast refresh, asset optimization, and smooth screen transitions!
- Designed responsive and accessible UI using **TailwindCSS** , with support for **dark mode!**

### CarVision (02/2025 - 03/2025)
- Developed a full-stack car comparison app using SSR & MySQL. Implemented modular backend and responsive frontend, resulting in 25 - 30% **faster load time**!
- Built from a scratch using server-side rendering with a modular, maintainable backend!
- Designed responsive UI quickly with clean layout and interactive elements using **Tailwind CSS!**
- Integrated MySQL database for structured data storage and retrieval!

### Weather App - (https://sp-weather.netlify.app/) (12/2024 - 12/2024)
- A real-time weather forecasting web application using live API integration and geolocation.
- Fetched dynamic weather data using **OpenWeatherMap API** with async/await and error handling and also Implemented **geolocation based search**, responsive layout, and loading states for better UX.
- Dynamically changed the UI theme and background based on live weather conditions using conditional rendering.

### Christmas App - (https://sp-christmas.netlify.app/) (12/2023 - 01/2024)
- A festive web app with animated visuals and interactive elements built for the holiday season!
- Implemented **custom parallax scrolling effects** for a dynamic layered visual experience!
- Built with **responsive design** principles to ensure cross-device compatibility!

## SKILLS

React.js · Redux · JavaScript · Tailwind · React Native · Frontend Development · HTML · CSS · Bootstrap · Git · Github · MySQL · Node.js · Express · Firebase · Jest · Mongodb · Parcel · Vite · Teamwork · Postman · Problem solving

## EXTRACURRICULAR ACTIVITIES

### Student Manager – DLLE (07/2024 - 03/2025)
*Led coordination and documentation for department-level extension activities, mentored peers, and managed official reporting.*

### Head of Public Relations
*Directed outreach, handled event promotions, collaborated with colleges to boost engagement and participation.*

### Contingent Leader at Inter-College fest
*Led a team representing our college at Saksham inter-college fest, coordinating participation across multiple events. Achieved outstanding success, securing multiple victories and winning the Best College Trophy as top-ranked institution.*
